

AGNER SHIMOKAWA

Front-end Developer

About Me

I'm a front-end developer with little experience that can think outside of the box, eager to gain experience in the field.

- Fast Processing Skills
- Creativity
- Management Skills
- Problem Solving
- Critical Thinking
- Effective Communication

Experience

DevEmDobro IBARAKI - JAPAN 2024 - Present

In the Full-stack web course, there are various challenges based on real life application, giving the students an idea of how everything works in a company. This includes not only creating a website from zero to a state of being ready to deploy using HTML, CSS, JavaScript, React, but also how to work with GitHub and Git Bash in order to be able to work on projects in a team using repository.

Education

Maringa State University Physics 2013 - 2016

DevEmDobro Full-stack Developer Web Course 2024 - Present

Skills Summary

HTML		86%
CSS		84%
JavaScript		75%
